Team Duct Tape, Florida State Champion High School Robotics Team at PTC/USER World Event 2010, at Rosen Shingle Creek, in Orlando, June 7 & 8

FTC Team Duct Tape at PTC/USER World Event 2009

FIRST Tech Challenge (FTC) Team Duct Tape, a community based robotics team from Odessa, FL, fresh off a 2009 Florida State Championship win, and just back from the FIRST World Championship in Atlanta where they competed with top teams from around the world, will be appearing the PTC/USER World Event 2010, at the Rosen Shingle Creek hotel in Orlando, June 7 & 8.

The annual PTC/USER World Event is a training conference for PTC product users worldwide. As the CAD and Collaboration Sponsor for the FIRST Tech Challenge, a mid-level robotics competition for high-school students, PTC showcases FIRST robotics during the event. Team Duct Tape, which used PTC's PRO/Engineer computer assisted design product to help develop this past season's competition robot, will be running their robot and speaking with conference attendees about FIRST robotics and opportunities for mentoring and coaching teams.

Team Duct Tape is sponsored, in part, by the non-profit education resource organization, Learning is for Everyone, which believes that high quality STEM education should be accessible to all youth, and that every student with an interest in math, science, and technology should have an opportunity to express and explore those interests. LIFE Inc. seeks to bring high school level robotics as within reach as Scouting, and to make it as commonplace, accessible and fun as a pick up game of basketball.

Visit www.TeamDuctTape.com to learn more about the team and FIRST robotics.

Learning is For Everyone, Inc. is a nonprofit 501 C(3) organization whose goal is to provide information resources on and off the web, and assistance through its activities in all aspects of education at all stages of life.
